

## Developing an App to collect data for people at risk of Alzheimer's Disease

Yuan Shang (yshang42)

Status Check April 15th

- **Accomplishments**
  - Finished login porter using smart FHIR
  -
- **Challenges**
  - Scaling. Currently, the audio files is saved as separated files. I'm not sure what will happen if there are millions of such files in the system.
- **Sprint Plans**
  - Final Integration (similar to lforms-fhir-app) and Testing
