Developing an App to collect data for people at risk of Alzheimer's Disease

Yuan Shang (yshang42)

Status Check Mar18th

- **Accomplishments**
  - Project initialization: set up softwares, github projects, etc.
  -
  - Finished Material and Background check.
  -
  - Information Flow Chart.
- **Challenges**
  - Need to have more python based tutorials, especially Python fhir.resources library.
- **Sprint Plans**
  - I'm lacking behind my plan but will catch-up.
  -
  - I worked on the FHIR Shorthand this week. I think I could set-up my database tables/schemas based on this new tool. Hopefully, I could finish this part this week. And then, I could focus on the coding parts.
